

## PRODUCT INFORMATION SHEET

### Ball-end hex wrenches, extra long

#### Product description

9-piece precision extra long hexagonal wrench set, especially designed for loosening and tightening screws in narrow spaces. A must-have for any workshop, renovation and construction works and in every household.

#### Characteristics

- made of the highest quality S2 alloy steel, which guarantees maximum strength;
- resistant to deformation and twisting;
- the „L” shape with one long and one short arm allows work in hard-to-reach places;
- the elongated profile, using the leverage effect, allows work with increased force;
- ball-end facilitates the use of spanners at angles of up to 30°, which is particularly important when working in restricted access areas;
- DIN 911 compliant;
- placed in a plastic collective packaging with compartments marked with dimensions for easy storage and quick identification of the wrench needed.

Ø 1,5; 2; 2,5; 3; 4; 5; 6; 8; 10 mm
