

## PRODUCT INFORMATION SHEET

### Spark tester

#### Product description

The tester enables easy and quick diagnostic of ignition system failures. It also enables checking the quality and power of the ignition spark. Possible use in motorcycles, cars and vans, caravans, quads, motor boats and tractors. High precision and work safety. Mainly used in professional workshops and automotive services.

#### Charakteristics

- measurement in ignition systems with 12 V electrical installations;
- for spark ignition engines;
- transparent casing ensures easy readout (LED lights up to indicate a spark);
- lightweight and compact;
- resistant to external factors, such as operating fluids.
