

PRODUCT INFORMATION SHEET

Ratchet ring spanner with sockets

Product description

A ratchet spanner with a set of sockets is used to unscrew and tighten threaded joints with a hexagonal fixing element and a TORX. Thanks to the ratchet, there is no need to take the spanner off the nut to make another turn, whilst the sockets allow for work with screws of various sizes. The 20-piece set makes it possible to work in the range from 8 to 19 mm / E8 - E22 mm. The universal application of the spanner allows for its usage both in the workshop, as well as in renovation, construction and installation works.

Characteristics

- ratchet ring spanner in size 14x19mm;
- made of high-quality chrome-vanadium alloy steel, strong and durable;
- ratchet mechanism with 72 teeth;
- a set of hexagonal sockets allows for usage of 1 spanner to get a full set of spanners in sizes 8 ~ 19mm and TORX E8 ~ E22;
- the set packed in a handy case for easy transport and storage of all elements.

The set includes:

combination ratchet spanner 14 x 19 mm

hexagonal sockets

14 mm: 8, 9, 10, 11, 12 mm

19 mm: 13, 15, 16, 17, 18 mm

TORX sockets

E8, E10, E11, E12, E14, E16, E18, E20, E22 mm
