

PRODUCT INFORMATION SHEET

Suitcase organizer, low

Product description

A suitcase organizer with a cover made of polycarbonate is used to store construction and workshop tools, etc. It was designed for demanding users. It is equipped with 5 functional cups that allow for storage of small tools, accessories and other items. The organizer ensures easy connection with other elements of the modular boxes system. Durable fasteners made of ABS and metal hinges ensure safety when transporting the assortment. The body of the organizer is made of polymers. It guarantees protection against flooding and dust. Designed for professional use. It is perfect for many sectors such as construction, industry, automotive and logistics.

Characteristics

- equipped with 4 removable cups of equal size, 1 larger cup with 3 functional compartments and lockable organizer;
- equipped with a handle on the back for easy carrying;
- equipped with metal hinges;
- cover made of polycarbonate;
- body made of polymers, ensures durability of use;
- compatible with other elements of the modular boxes system.
