

MESSEKEN protective goggles transparent uni

Opis Produktu

MESSEKEN goggles are ideal for eye protection in a variety of working environments, offering safety and comfort. Transparent lenses provide visibility without restricting the field of vision. Their innovative design includes rubber temples and PVC nose pads, ensuring a perfect fit. Ventilation holes prevent the goggles from evaporating inside.

Charakterystyka

- Frame material: **PVC** (polyvinyl chloride);
- lens material: **PC** (polycarbonate);
- Material of the earcups: rubber;
- nose material: **PVC** (polyvinyl chloride);
- Protective category: II;
- optical class: 1 (intended to be worn continuously);
- applicable standards: **EN 166**;
- bear the CE mark of conformity;
- lens designation: H 166 F CE – 2C-1,2 H 1 F CE;
- UV 400 protective filter;
- lens thickness: 2.0 mm;
- mechanical strength: F (low-energy impact of 45m/s);
- The anti-scratch coating provides scratch resistance;
- Anti-fog coating prevents fogging;
- lens colour: transparent with shade number 1.2;
- 4 air vents;
- Product weight: **105g**.
