

PRODUCT INFORMATION SHEET

Large brush for washing the terrace

Product description

A large rotating brush for cleaning large flat surfaces allows thorough, convenient and quick cleaning without splashing water. A rotating arm with two high-pressure nozzles allows dirt to be removed effectively. The housing effectively protects the operator and the surroundings from water splashes, and water jets that lift the attachment upwards make manoeuvring easier. With the brush, you will save much more time than when working with a traditional lance. Suitable for cleaning: tiles, paving stones, stone, facades.

Characteristics

It fits washers: HT2E400 HT2E401
