

PRODUCT INFORMATION SHEET

THALE Safety Shoes S3S FO SR brown/black

Product description

With an upper made of cowhide nubuck leather and reinforced with OXFORD material in the back, the footwear features excellent durability and abrasion resistance. The breathable MESH mesh lining effectively wicks away moisture, improving wearing comfort, especially during prolonged use. The durable rubber sole provides abrasion resistance and stability on slippery and uneven surfaces, even in environments exposed to oil and grease. The footwear has a composite toecap and a composite anti-puncture insole.

Characteristics

- protection category: S3S, compliance with EN ISO 20345;
- Upper material: nubuck cowhide;
- upper reinforcements: OXFORD material ;
- guards: TPU on the tip and heel;
- lining material: MESH mesh ;
- insole: composite, impact resistant up to 200 J;
- anti-puncture insole: Kevlar, meeting the requirements of the small nail test (up to 3mm);
- sole material: dual-density polyurethane with rubber finish;
- additional protective properties:
 - FO: resistance of the sole to oils and greases
 - SR: anti-slip properties
- Footwear weight: 623.5 grams (value given for 1 shoe in size 40).
